Post-Adoption Services

As a family that has finalized an adoption, either through Family Focus or another agency, you are able to receive post-adoption services that are funded through the Minnesota Department of Human Services PPAI (Public/Private Adoption Initiative).

Our Services include:

- Links to support groups, other support systems, and community resources.
- Guidance for the entire adoptive family as a whole.
- Assistance in securing therapeutic services with competent adoption therapists and mental health professionals.

- Education and outreach on behalf of your family with the wider community, including child care providers, court professionals, school professionals, foster and respite providers, day treatment professionals, and residential treatment facilities.
- Support and resources for an adopted child who has been temporarily placed outside the home in foster or residential care.

Requirements

Adoption of a child under Minnesota state guardianship who's under the age of 18.

Family Focus is a private foster care, adoption and certified therapeutic supports agency. We provide adoption services to children under state guardianship or tribal guardianship at minimal costs to the families or county agencies contracting for these services.
